

Agenda

Implementing College Readiness Indicator Systems:
Linking Data and Design in School and District Settings
RELNW 15.5.505.01
April 30, 2015

Objectives

- Increase awareness of a leading research-based framework for conceptualizing and implementing college readiness indicators and supports
- Increase understanding of how to implement college readiness indicators and supports through presentation of rich case studies of school- and system-level initiatives
- Apply and extend participants' learning through Q&A with presenters
