

AGENDA

Doing What Works: Research-Based Practices in Action

March 26, 2015

[3:00pm EDT; 12:00 noon PDT]

Goals and Objectives:

The goal of the webinar is to introduce state and regional educators to the Doing What Works Library, a compendium of research-based resources, and learn from a practitioner how the resources were applied in a state context to help educators implement research-based practices in literacy and mathematics instruction. Webinar participants will:

- Learn about the source of the materials in IES practice guides that summarize research and provide research-based recommendations, the wealth of resources in the DWW library, how they are organized, and how to access them easily.
- Gain insight into how DWW research-based resources may be adapted for use in a variety of technical assistance scenarios.

3:00pm—3:05pm

Welcome and Housekeeping

- Sylvie Hale, REL West at WestEd

3:05pm—3:30pm

Overview of the Doing What Works Library

- Nicola Filby, REL West at WestEd

3:30pm—4:00pm

Using the Doing What Works Materials in a State Context

- Gregory Keith, Minnesota Department of Education

4:00pm—4:10pm

Facilitated Q&A

- Sylvie Hale, REL West at WestEd

4:10pm—4:15pm

Closing, Thanks, and Survey

- Beth Kellman, REL West at WestEd
-
